Introduction

The OSI PANTHERA Research and Education Program in Kyrgyzstan

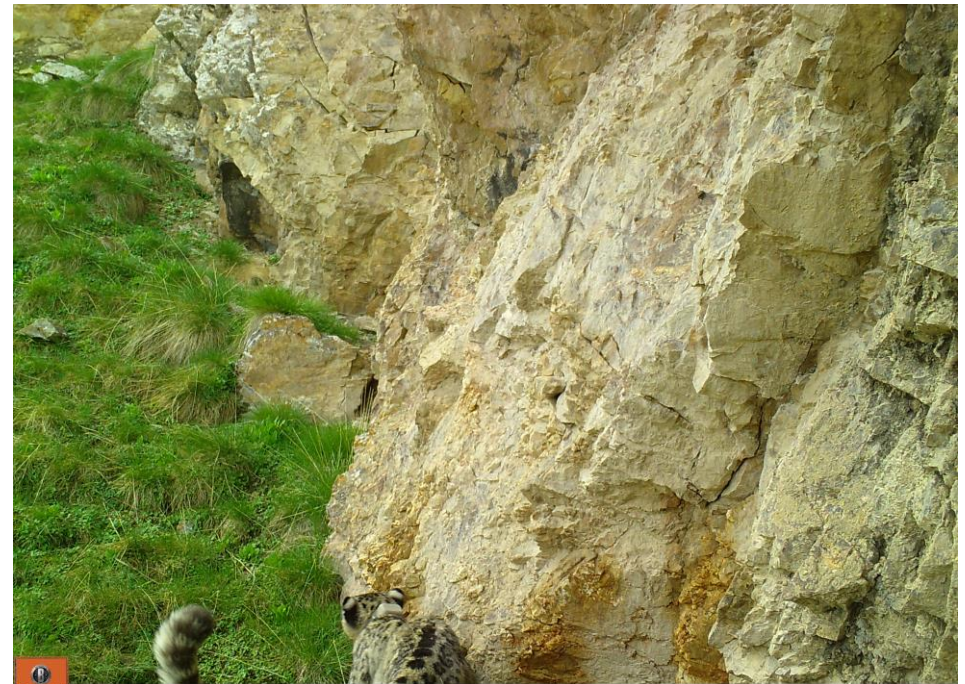

The Mission Drone For Panthera 2017

Objectives / Results

Objectives	Results
Study and protection of the snow leopard	Useful We have good movies and images to promote the snow leopard and her environment
Cartography	Useful Be aware having a strong sun screen protection
Remote downloading	No Data Prototype wasn't delivered in time
Train the guards to pilot	Good discovery The guards don't use technology but they tried and they found it useful
Prey count	Not Useful Counting the prey is better through binoculars
Proposed by the guards Find the horses in the morning	Useful Horse can go very far in any direction
